

*Dear Gliding Friends,*

We would like to invite you to our hospitable land, Ostrów.

Our airfield is well known to Polish glider pilots. Here, for 25 years, we have been organizing one of the biggest gliding contests (more than 100 competitors at several editions), known as Ostrów Glide - Polish Regionals. The FAI entrusted us with the organization of the **35th FAI World Gliding Championships in 2018**, so following a good practice, one year before that event, we will organize so called "prechampionships".

Pilots from all over the world competing with the best Polish pilots will have an opportunity to get familiar with the area before the FAI WGC in 2018, excellent thermal conditions and the already proverbial Polish hospitality. The airspace available for cross-country flights is remarkable. Our long and wide runway provides ease of use and safe operations. Our team will make every effort to make your stay in Ostrów as enjoyable and comfortable as possible.

In the first edition of our bulletin we will provide you with the key information.

In order to sign up and get always up-to-date information please frequently visit our website:  
**<https://ostrowglide.pl>**

Please keep in mind that the deadlines for application in our competitions are:

30th April 2017 for PreWGC in June

31st May 2017 for PreWGC in July

Please do not delay your decisions until the last minute. If you have any questions or doubts, please contact our office: **[info@ostrowglide.pl](mailto:info@ostrowglide.pl)**

*CU soon!*

*Do zobaczenia!*

*Ostrów Glide Team*
